ACCEPTABLE SUBMISSION FILE FORMATS:

We will accept files in doc, .rtf, .jpg or .pdf formats. Video files must be Windows compatible, in .avi, .mov, .mpg, .mpeg or .mp4 format, viewable with QuickTime, Windows Media Player or VLC. Video can be a maximum of 1 GB file size.

SINGLE-LINK DOWNLOAD

We will accept submissions in the form of a link to a file-hosting website (ie, DropBox, Google Drive, etc). The link **must** point to a single .zip archive of all relevant submission documents that can be downloaded by simply clicking said link. We will not accept any submission hosted on a website that requires CARFAC Alberta to become a member, any submissions requiring CARFAC Alberta to sign in, or submissions in archive formats other than .zip.

MAC USERS

CARFAC Alberta uses Windows in our office, so we require submissions to be readable on our office setup. Fortunately, this is easy to accommodate from Mac OS. CD and DVDs burned to the standard data format will be readable.

Flash Drives should be formatted in the ExFAT format; Mac OS 10.6.5+ and Windows 7+ read and write this format natively. In Mac OS, open Disk Utility, select the Flash drive to format, select the 'Erase' tab, and then select ExFAT from the Format dropdown. This will erase any existing data on the Flash drive, so back up anything on the drive.

Keynote and Pages can export presentations and documents to PowerPoint and Word formats respectively. In either program, choose Export To from the File menu, select Power Point or Word, checking 'Advanced Options' and selecting .pptx or .docx file extensions.
